Mountain pose

- Sit/stand tall and outstretch your arms and fingers. (If standing, keep feet hip-width apart.)
- Lift both arms away from your sides and hold them in place when they’re about 12 inches away from your hips.
- As you settle into the pose, roll your shoulders back and tilt your chin slightly upwards.
- Take a deep breath while stretching your arms out as if someone were gently pulling down on your fingertips.
- Hold this pose for 5 deep breaths or for however long feels comfortable.

Upward salute

- Reach your arms up over your head and lengthen your body through your fingertips.
- Tilt your face upwards to look at your hands as you reach up for the sky.
- Hold this pose for 5 deep breaths or for however long feels comfortable.

Side stretch (left & right side)

- Sit/stand tall and outstretch your arms and fingers. (If standing, keep feet hip-width apart.)
- Tighten up your tummy area to activate your core.
- Raise your right arm overhead and gently bend your upper body to the left in a reaching motion through your fingertips. Keep your upper body facing straight ahead—don’t twist it to the side as you bend. Make sure you feel the muscles gently stretch all along your side from your lower back to your shoulder.
- Hold this pose for 5 deep breaths or for however long feels comfortable.
- Return to the starting position. Then, repeat with the left arm.
